

Kenyan Safari

NOVEMBER 2018

Day 1 - En Route to Nairobi

Depart US and arrive in Europe early morning on your way to Kenya. Later today you will board your flight to Nairobi, arriving at Nairobi's Jomo Kenyatta Airport late in the evening. You will be met outside of customs by our safari leader and drivers who will take you to the Boma Inn in time for a good night's rest. At the hotel, you will be assisted with check in and your luggage transported to your rooms. **Overnight at Boma Inn.**

Day 2 - The Ark Lodge

This morning you will drive north to the Aberdare National Park in central Kenya. You are booked at The Ark Lodge. Here you will check into your rooms and spend

the rest of afternoon and early evening viewing animals that come to the waterhole for water and salt licking. Elephants, buffaloes, waterbucks, bushbucks, monkeys and a wide range of birds are to be found. Rhinos, bush hogs, leopards are known to visit at late night hours.

The Ark lodge is a tree-lodge and is uniquely shaped to resemble the actual Ark. Designed with decks from which numerous balconies and lounges provide superb vantage points for viewing the animals visiting the salt lick and waterhole. A ground-level bunker at the lodge provides excellent photographic opportunities, and the Yasabara waterhole is floodlit by night to enable all-night viewing of game.

Overnight at The Ark Lodge.

Aberdare National Park:

The Aberdare National Park, with an area of 767 sq. km covers the higher areas of the Aberdare Mountain Ranges of Central Kenya, from altitude of 1829M to 4001M above sea level. The topography is quite diverse with deep ravines that cut through the forested eastern and western slopes. Animals easily observed in the park include the Black Rhino, leopard, baboon, black and white Colobus monkey and Sykes monkey. Rarer sightings include those of lions, the golden cat and the bongo, an elusive forest antelope that lives in the bamboo forest. Animals like the eland and spotted serval cats can be found higher up in the moorlands.

Day 3/5 - Samburu

Today, you continue your journey north to Samburu National Reserve. You will enjoy a game drive and visit the women's project en route, arriving at your camp in time for lunch. There will be time to relax before departing on your afternoon game drive.

Morning and afternoon game drives will give you more opportunity to enjoy the unique game species, which are found only north of the Equator. You will have the opportunity to visit a Samburu Village and learn about these pastoral people who are related to the Maasai. **Overnight Samburu Lodge**

Samburu National Reserve

Samburu National Reserve lies 202 miles north of Nairobi in the hot and arid fringes of the vast northern region of Kenya. The Reserve is within the lands of the colourful Samburu people, close relatives of the Maasai, and harbours a number of wildlife species rarely found elsewhere in any numbers. These include Grevy's zebra, the reticulated giraffe and Beisa oryx, all species found only north of the equator. |

The long-necked gerenuk is a graceful antelope which spends much of its time in a bi-pedal stance seeking succulence among the withered scrub which dots this harsh terrain. The Ewaso Nyiro River which rises some hundreds of kilometres to the west on the foothills of the Aberdare Mountains and which vanishes beyond Samburu in the recesses of the Lorian swamp provides the lifeline to

both wildlife, people and their domestic animals. The river is at its best in the Reserve, broad and sluggish with a large population of crocodile seen on sandbanks at almost every bend. The river is fringed with giant acacias, figs and doum palms all of which provide shade and sustenance to the wildlife which comes to drink. One of the highlights of your visit to Samburu will be the tour of a native village. These people still live the tradition life they have enjoyed for centuries. A village elder will escort you on a guided tour of the village and explain their way of life.

Day 6 – Ol Pejeta Conservancy

Ol Pejeta Conservancy is one of the few places in Kenya to still offer night game drives. It is home to a chimpanzee conservatory as well as black rhino and African wild dog. **Overnight: Sweetwaters**

Day 7 – Nairobi and travel back to US

A day of shopping and a visit to the Sheldrick Elephant orphanage is the perfect way to round out your trip. You will then be transported to the airport and board a plane headed back to the US.

END OF SAFARI

SAFARI PRICE NOVEMBER 2018

US \$ 3000/- per person sharing room – Kenya
